LIVING AREA

A beautiful lounge with a three seater settee and two armchairs. There is a focal corner fire with plenty of storage units above. The large front windows give this lounge a lovely light, but still cosy feel to it.

VAN DETAILS

The Winchester is definitely one of the classics from Willerby, with a superb design and luxurious feel throughout.

KITCHEN

As you enter the Winchester you step straight into the kitchen, which is unusual but works really well. There are plenty of units, an eye level grill and oven, integrated fridge and freezer and space for a microwave.

DINING AREA

Opposite the kitchen is a dining table large enough to seat six. There is a floor to ceiling window to the side, and a glass and wood display until on the back wall.

MAIN BEDROOM

A large double bed with a feature headboard is really impressive. At the foot of the bed is a walk in wardrobe!, and further along an en-suite toilet.

TWIN BEDROOM

A good size twin bedroom with two single beds which can be pushed together to form a double. There are plenty of storage units and a small corner wardrobe.

BATHROOM

As you enter the bathroom there is a shower unit to the right, toilet to the left and a sensibly sized sink with storage underneath, in front of you. All are finished in white
