Atlas

Deauville Super

32 x 12ft
2 bedrooms

The Atlas Deauville Super is a timelessly classic caravan with a design and layout which provides you with more than everything you could need in your holiday home in the countryside.

The spacious living area features extensive sofa seating and freestanding snuggle chair, focussed around a central fireplace and corner entertainment unit. Just off from this is the wrapround dining area, providing additional eating and entertaining space without compromising comfort in the living area or kitchen.

Through to the galley style kitchen with head height double oven and separate hob. There is an under counter fridge and space above for microwave as well as dresser style storage adjacent.

The efficiently laid out twin bedroom has all the essentials for occasional guests.

The main bathroom is separated into a separate toilet and shower room, with the shower room having Jack & Jill style access to the main bedroom as well.

The main bedroom is bright and features excellent storage options, with large corner wardrobe and dressing table area, as well as overbed cupboards.

This model is the perfect choice for making the most of your time on our caravan park in the countryside.
